-

Testimonials

- The Cerme Junior was a superbly comfortable cruising boat for our party of 13. We felt in very safe, capable hands with our captain Mahmut who navigated the waters beautifully for very smooth sailing. The food prepared by our cook George was delicious and welcome by all. Mustafa and Isner should not go without mention for there wonderful attention to detail. The captain and crew were especially lovely with the children and we would certainly welcome them all back for future adventures.
